## COX GIVEN GREAT WELCOME IN UTAH

Democratic Nominee Heard By Big Crowds On His Speaking Tour To California

(By Associated Press)

En Route With Gov. Cox, Sept. 17—Nevada Thursday was the campaigning grounds of Governor Cox, Democratic Presidential nominee. Five addresses at Elko, Winnemucca, Lovelock, Sparks and Reno, comprised the Governor's engagements following his departure last night from Salt Lake City, where he addressed a large audience at the Tabernacle in closing his Utah campaign.

The League of Nations and progressivism together with local subjects, such as reclamation of arid lands, headed today's topics in the Governor's addresses. He was joined at Elko where he made a fifteen minutes address, by Governor Boyle and Senator Henderson who were to go through the Nevada trip ending with an address last night at Reno.

The Governor's Nevada trip closed the second week of his Western "swing" which has taken him to the Pacific Northwest and back to the intermountain section. He will begin his California campaign Friday noon at Sacramento and speak tonight in San Francisco auditorium, where he was nominated July 6 Saturday also will be spent in San Francisco and Oakland and on Sunday the Governor will travel to Southern California to spend two days before turning Eastward.

Thousands cheered the Governor during the parade to the Tabernacle in Salt Lake City. He declined to ride and walked along at the head of the parade, carrying a flag, while automobile spotlights played on him.

The Tabernacle meeting was overflowing long before the Governor arrived and he was given an ovation as he entered. Balcony and main floor aisles and doorways were black with standing crowds and an overflow meeting outside was addressed by Representative Welling and others.

The Tabernacle meeting was opened with prayer and music. The audience rose and cheered as the Governor began with a plea for Americanism and nonpartisanism in considering national affairs.

The audience roared approval when Gov. Cox attacked the "senatorial oligarchy" and ridiculed the republican front porch campaign.

"The people are sovereign in America," he said, adding:

"I would consider it unbecoming an American to make a throne out of my front porch in Ohio."

When the Governor said he would answer any questions, a man interjected:

"How about prohibition?"

Pausing and taking a long drink of water, while the crowd laughed and cheered, the Governor replied that he was glad to answer and recalled his statement made at Seattle, Wash., and Portland, Ore.

"It is, my friends, no more an issue in this campaign than slavery, and you know it."

"The Eighteenth Amendment is there. On the fourth of March I will take my oath and I will swear to \* \* \* give effect to the Constitution and the laws. I took that oath as Governor of Ohio and during my first term for the first time in all history in our state, both the front and the back door of every saloon in Ohio was locked on Sunday."

The Governor then turned to progress against reaction, progressive legislation in Ohio, radicalism and the republican campaign fund. He was interrupted again and again by gales of applause.

The Governor's argument for the League of Nations was heartily applauded, especially when he urged the election of Representative Milton H. Welling, of Utah, to the Senate at the coming elections so that there would be no negative vote from Utah on the question of the United States entering the League.

During his League statement, another question was shot at the Governor about his plan for dealing with political prisoners. In reply he declared for free speech, free assembly and repeal of wartime laws restricting them.

"If you martyrize somebody who seeks martyrdom you are not helping your country," the Governor said. "But, war or no war, any man who preaches revolution

in America is dangerous to the best interests of America."

The Governor closed the incident by reciting his use of the "Golden Rule" instead of the bayonet in Ohio industrial troubles.

Returning to the League, Governor Cox asked if anyone knew Senator Harding's position. A man yelled "America first," and the Governor fired back. "What was German's slogan? 'Deutschland über Alles,' and the world rose up and struck it down, for it was selfish and inhumane. If it's to be 'America first' and isolate our nation, you've got to arm to the teeth. My creed is Lord God Almighty first."

The audience cheered this remark loudly.

The League, together with progressivism, were the backbone of all Governor Cox's addresses.

Through the arid sections of Nevada Thursday he preached the gospel of reclamation and irrigation thru federal assistance.

To sheep growers and farmers he discussed the proposed deflation, saying:

"Maine went republican the other day; it usually does. But what happened the day after the election? Wall street sent stocks up and the price of wheat went down."

"The republican party platform talks about deflation. Now, which end was deflated? Your end, was it not?"

He gave a definition of what he meant in his various speeches where he referred to big business in this fashion:

"What is big business? Nothing more or less than this: A group of greedy, selfish interests which have learned that by the adoption and maintenance of certain methods, skillful, subtle and insidious, they can gain just a little bit of it in the administrative policies of government, and what they gain that does not belong to them is the portion that has been taken from some one else."

## COX BUTTONS HERE

The Daily Register has received a lot of Cox and Roosevelt buttons that it will be glad to give out to voters who desire them. Call and get one and show where you stand. The buttons are printed in red, white and blue.

W. H. Webb is superintendent of this exhibit, and with the cooperation of W. C. Hanna, Commissioner of Agriculture, and G. Carney Cross, Secretary, have succeeded in getting a total of 267 cattle for this show.

## PRECINCTS READY; LAW CARRIED OUT

Women of Madison County Can Now Vote—Location of New Precincts

Acting under the law enacted by the recent legislature, requiring the reapportioning of voting precincts for the purpose of permitting women to vote at the coming presidential election, County Judge W. K. Price, assisted by two commissioners from each of the eight magisterial districts of the county, has entered an order in the county court carrying out the law.

Under the new apportionment there will be four new precincts in Richmond, one in the Foxtown magisterial district, one in McCreey district, two in Yates district, four in Glade district, two in Kirksville district and one in Million district. Fourteen new precincts were made, making a total of 39 precincts in the county there being 25 before the reapportionment was made.

The precincts in Richmond will be Court House, Water Tower, Breck and City Hall, in magisterial district No. 1, Normal No. 1, Normal No. 2, Francis No. 1, Francis No. 2, in magisterial district No. 2. The boundaries of the precincts were published in the Daily Register in Thursday's issue.

## WINNES RELEASED

Harlan, Ky., Sept. 17.—The warrant issued against Dr. H. C. Winnes, state veterinarian, who was questioned in connection with the murder of Miss Laura Emma Parson, Pine Mountain school teacher, was dismissed on Thursday by the Harlan county grand jury.

No other indictments were issued by the jury, which informed Judge W. L. Bailey that it had not found sufficient evidence to do so.

Judge Bailey announced that he could not discharge the jury until Monday, and that he expected the jury to take drastic action toward solving the case.

## NEW LEE CO. BANK

A new bank has just been established at Beattyville. Lee county, of which M. D. Salin will be cashier. It is understood that it starts off business with splendid prospects and a bright future. Mr. Salin is one of the best known bankers in the state. He is originally from Owen county and has had wide experience in financial circles. The new bank is known as the Lee County Commercial Bank. It is said to have splendid backing in every way.

## WHAT HARDING SAYS IN CONSTITUTION DAY TALK

Mario, Ohio, Sept. 17.—Pronouncing the League of Nations covenant irreconcilable with the American Constitution, Senator Harding declared in his Constitution Day address here the time has come for the United States to decide whether to preserve or abandon the charter under which it achieved nationality.

"The Constitution or the covenant, that is the paramount issue," he said.

"The two are irreconcilable. We cannot be governed from both Geneva and Washington. We cannot follow our present Chief Magistrate without forsaking the Father of Our Country."

## TEACHERS' EXAMINATION

A number of teachers are taking advantage of the final examination being held this week, opening Friday morning. They are in charge of County Superintendent B. F. Edwards and will be finished Saturday at noon. This being the final examination for the year, it will conclude the list turned out by Madison county, which is said to be the largest for several years.

Bible teaching may be adopted in the schools of the state to a great degree according to discussions now being emphasized throughout Kentucky.

## BOMB CAUSED N. Y. EXPLOSION

Suspect Arrested In Toronto—Financial Districts of Cities Are Heavily Guarded

(By Associated Press) New York, Sept. 17.—Fire Commissioner Drennan reported today to Mayor Hylan the explosion in Wall Street yesterday, which killed 33 and injured 200, was evidently caused by a bomb. Over 50 pounds of metal fragments believed to have been contained in a bomb were collected by the Fire Department, at the scene of the disaster and turned over to the Police Commissioner, Drennan said.

William Flynn, chief of the bureau of investigation of the Department of Justice, declared he was positive a bomb caused the explosion.

"The bomb was placed by a person who was within four blocks of Wall street when the explosion occurred," he said. Certain at last of the cause of the explosion, federal agents and city police have increased their search for the driver of a wagon drawn by one horse, which was blown to pieces. No trace of him has yet been found.

The theory of the investigators is that a time bomb was made from T. N. T., the most powerful explosive known, and that the driver hurried from the scene just after arranging the explosion to occur at noon.

Acting upon telephonic advice, a representative of the district attorney's office left at noon for Toronto, with a subpoena for Edward P. Fischer, a former employee of the French high commission in New York, who is detained there by the police today, after he is alleged to have sent two post cards to friends here, warning them not to be in Wall Street at 3 o'clock Wednesday, September 15. He will be brought to New York to testify before the September grand jury, which was ordered today to investigate the disaster.

Financial centers of American big cities from coast to coast are armed camps today with police, private sentries and posted guard against a repetition of the mysterious explosion that rocked Wall street from Washington, Chicago, Philadelphia, Boston, Detroit, Baltimore and as far south as the Gulf of Mexico, and right to the Golden Gate authorities have announced that heavy patrols in plain clothes and men of police reserves are guarding their big business districts. Federal agents worked with state and city officials to run down reports of widespread extremist plots.

Meanwhile, the scene of yesterday's blast is roped off and guarded by police, with soldiers held ready on Governor's Island for immediate call.

## LEAGUE OF NATIONS PREVENTS ONE WAR

Waterloo, Iowa, Sept. 17.—Challenging the statement of Senator Harding that the League of Nations was so utterly impotent as to prevent wars that it had not been tried, Secretary of War Baker in a speech here today declared the league's operation had already saved on war, though Senator Harding didn't know it. He recited the submission to the league council by the Swenden-Finland dispute over the possession of the Aland Islands, and declared under the old order each country would have instantly occupied the island with military forces.

## Banker Keeton Exonerated

Charles H. Keeton and son, Harry C. Keeton, of Williamsburg, were exonerated by Judge Cochran at a special term of the federal court at London, of charges of misappropriating a large sum of money from the First National Bank at Williamsburg, of which the elder Keeton was assistant cashier. The case did not reach the jury. The elder Keeton is now manager of the Western Union Telegraph Co. at Jellico, Tenn.

## Here's A Good One

Word has reached Prestonville, Floyd county, that five large moonshine stills are operating in Magoffin county protected by 50 armed men. Another report circulated was that a prohibition officer entered the moonshine district of Magoffin with warrants of arrest of still operators, but became intoxicated and gambled the warrants away to the moonshiners.

## THREE-QUARTERS TOBACCO CROP LOST

Estimation Given By the Burley Growers Association When Field Is Considered

Lexington, Ky., September 17.—The Burley Tobacco Growers' Association of Kentucky, Indiana, Ohio and West Virginia Thursday issued the following report of its canvass of the burley section to ascertain the damages from "wildfire":

"The reports of damage by 'wildfire,' coming to the office of the Burley Tobacco Growers' Association, indicate practically the entire burley region is more or less affected by this disease. Few counties have escaped its ravages altogether. Estimates as to the extent of damage to the tobacco crop varies from 50 per cent to nothing. Some communities in the same county have escaped much more than others. Apparently a safe estimate as to the damage the entire burley crop has suffered would be 25 per cent. The grower may suffer even a greater per cent of loss in the price the tobacco brings. There will undoubtedly be a great quantity of the present crop that cured which will show the effects of 'wildfire' or 'rust.' To what extent the buyers will discriminate against this kind of tobacco remains to be seen.

"It seems that tobacco on old land or upon land not well drained is the type of soil where 'wildfire' first appeared. In many cases it has been observed that well-drained hillsides show the least rust, but no special type of soil seems to be entirely immune; no particular strain of burley tobacco seems to be in any way especially liable to attack, nor is any strain immune. The effect shown in cured tobacco depends a great deal upon the extent 'wildfire' has effected on the plant or leaf when housed.

"Whether this disease is climatic and whether it be a mold or disease of the plant, will have to be left to the scientist to determine. However, in answer to the question, What do you think will check its spread? some observations are made by the farmers. Some close observers have suggested that whenever a plant is in any way wounded or weakened it is especially liable to attack. For instance, it seems that no crop that was hit by hail has failed to soon develop 'wildfire.' In communities where tobacco was topped early 'wildfire' is more serious. This disease is also hastened by suckering. It appears that all leaves where the bottom is turned toward the sun furnish an opportunity for the rust to obtain a foothold."

## CITY COUNCIL THURSDAY NIGHT

Street Improvement Proved Predominating Feature With Few Present

Civic pride is one thing that City Councilman Golden does not and this fact was very manifest Thursday night at the meeting of the city council, when he repeatedly stated his earnest desire to have at least one of the big trees on Main street, near Collins street, cut down. The tree, one of the largest in the city, is not of the weeping willow variety, but its age has caused it to bow low. However, the councilman, silent though it has been, is very decided, and, the councilman says, decidedly over the street so much so that tops of loaded wagons, as well as automobiles, are endangered hence the desire to have the tree cut. Mr. Golden admitted that despite his corpulence and age, he would work faithfully and endeavor to emulate the feat of the Father of His Country himself, and would actually wield the axe himself in order to remove the tree if given permission, and guaranteed the work would not cost the city a cent. This coveted permission was given the councilman, whereupon he replied, "I'll cut that tree down just as sure as the world is round," and it is the general belief that he will do so. "It looks countryified," quoth Mr. Golden, as he repeated the assertion that he would chop down that tree before another sunset.

Announcement has been made that J. Beecher Adams, pharmacist at Stockton's Drug Store, has in conjunction with his brothers, Charles and Jerry Adams, of Hustonville bought the Newbern drug store at Wilmore. Mr. Adams will go there very soon to take possession and will be actively in charge of the business. Since coming to Richmond three and a half years ago, Mr. Adams has made a host of friends who will regret to see him leave but will wish him every success in his own business. He is considered one of the most efficient pharmacists in the trade and will undoubtedly do a prosperous business in his new location.

## POPULAR ATTORNEY HERE

Commonwealth's Attorney Godfrey I. Rader, of the Jackson circuit, was here from Bond Friday afternoon a short while on business. Mr. Rader paid the Daily Register, of which he is a subscriber, a pleasant call. He is much interested in the tobacco markets and he and his son-in-law have a first-class crop this season, and they, like everybody else in Kentucky, are mighty anxious to see prices maintained. Mr. Rader is one of the best known attorneys in the mountain section, and always gets a warm welcome from his friends when he comes to old Madison.

## Just What She Needed

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Md. "They not only relieved me of indigestion and toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them." sept

## FIRST FACULTY MEETING SATURDAY

All Teachers For Normal Will Be There—Fauisaki County Leading Student List

The first faculty meeting preparatory to the opening of the Eastern Normal will be held Saturday afternoon and will be presided over by President T. J. Coates, who will meet and greet the instructors and issue the first instructions for the coming term. This will mark the first meeting of many of the teachers, since there have been a number of changes in the personnel generally. The meeting will admit of the instructors getting together and getting acquainted with one another, as well as with their work. It will be followed by the regularly weekly meeting of teachers throughout the term.

Miss Roberts, dean of women, has returned to the city and is busily engaged in assigning rooms to new applicants of which there are many. The number of reservations asked for at this time is greater than that for the same period of any year since the institution has been in operation. This is indicative of an attendance quite out of the ordinary. Miss Roberts is very agreeably surprised at prospects for the year, which are most favorable.

Pulaski county is perhaps the most extensively represented county in the state, there being a very liberal sprinkling of graduates there from this school. The attendance this year from that county will, according to indications, be even greater than ever before. There has been a large representation from Pulaski county since the establishment of the school and with very few, if any, exceptions it has led in the number of students since. The unusual number being enrolled this year is being received with great interest, since the recommendation seems to have been a favorable one. Pulaski county is providing a great number of teachers and other office representatives thru the graduates, most of whom have diplomas from this institution.

## WOMAN TRIES TO CROSS CHANNEL ON "WATERCYCLE"

London, Sept. 17.—An attempt to cross the English Channel on a so-called "watercycle" has just been made by Miss Zetta Hills, a young Englishwoman. She started at 7 a. m. from Calais for Folkestone, about 30 miles. The current prevented a direct course being followed, and at first Miss Hill was taken down the channel along the French coast until a few miles from Boulogne. Then the tide turned and she swept up the channel until east of the Goodwin lightship. Once more the tide changed and she made a westerly course.

After covering about 48 miles in 12 hours, the machine broke down owing, it is supposed, to the backwash of a passing steamer, and Miss Hills was taken off by a rowing boat, only three and a half miles from the English coast.

Her food and drink were milk, fruit and boiled eggs. She intends to try the trip again.

## MANY HUNTERS, ALTHO VIOLATIONS ARE FEW

W. H. Grider as game warden is making some record in the attendance of shooting matches which are being held in this part of the state these days. He has not missed making a trip to the country daily since the dove law came in and expects to continue the work. While there are no violations being reported, he is satisfied with the situation, he states. There are still many doves falling victims to the aim of the hunters who are in the field daily.

The opening of the season for rabbits is approaching and the official expects to be even busier than at the present. He has received reports from other parts of the state to the effect that many licenses are being issued and few violations are being reported. The investigation of cases throughout the state, when reported as a part of the Richmond man's duty, and when not busy here he is in some other county where his attention has been called. There is an unusual demand for ammunition, it is said, among the dealers, and hunting seems to be resumed on a large scale.

#### Why A Republican

Will Vote For Cox

(Letter in New York Times)  
To the Editor of the  
New York Times:  
"I see by the papers," as Mr. Dooley used to remark that the republican leaders are seeking to know how the voters feel as to the League of Nations. I would like to have them know how one

voter feels, because I have good reason to believe that there are many of like mind, and I seek expression through your columns. I was born and bred a republican; during 32 years of voting I have never voted for a democrat. But during recent months I have been estranged from the party. I resent the present leadership in this state and have been humiliated by the Senate's failure to ratify the peace treaty.

Of course, I am aware of the stock argument that the President is to blame; but even if so, the republican leaders are to blame in the first instance for seeking to deliberately kill the treaty, and the arguments used against it in a year of footless debate impress me as partisan, selfish and unconvincing.

I am an ardent supporter of the League of Nations. That doesn't mean that I approve of Mr. Wilson. Whatever one may think of the President, the time has come to dissociate Mr. Wilson from the League of Nations. He is no longer a factor in the present situation. The League is a fact. It is in existence and functioning. We may join it and help humanity in dire need, or we may stay out. In this connection, "America

first" seems to me a mighty mean slogan.

The League is the paramount issue of this campaign. Senator Harding and republican leaders generally oppose the League and have done all they could to defeat it. The talk about a new association of nations. Nothing that Mr. Wilson ever dreamed was so visionary as this. Gov. Cox and democratic leaders generally favor the League. Therefore I expect to cast my first vote for a democrat this year.

But those who feel as I do are urged by Mr. Taft and by such influential papers as The Tribune and The Globe to vote for the republican ticket anyway, for reasons which I need not repeat. I hold myself under no obligations to vote for a party because of its past history or future possibilities when its present leadership is hostile to my ideals and ideas. I want to register a protest against such leadership which I can't do by voting for it.

W. R. BARNES.

MRS. NELLIE PECK of Kansas City, who says her little boy never had a well day until he began taking Tanlac.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, of No. 1421 Charlotte street, Kansas City, Mo., recently.

"My little boy, Curtis, is now 14 years old and never in his life had he seen a well day until he began taking Tanlac. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

"He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk. He would have bad headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Tanlac did for him I began taking it myself as I have been suffering with stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

Dr. J. H. Jeffries is in Cincinnati a few days on business connected, it is said, with the improvement of the government work pertaining to the establishment of a hospital unit here. He will return and be able to enlarge upon the operations in the interest of the local soldiers needing medical attention.

### "THE SILVER HORDE" BY

REX BEACH, HAS ARRIVED  
Rex Beach's "The Silver Horde" is being shown at the local theaters today. The picture shows great scenes of the salmon fishing industry of the great northwest. The Lummi Bay Packing Company made available for the picture company all necessary facilities and showed keen interest in its success. Rex Beach, with the east and operators, journeyed to Bellingham, Wash., near which Lummi Island is situated, and the scenes were 'shot' in the proper atmosphere. All lovers of Rex Beach's novels will find this an unusual treat.

### Swift's Produce Review

Creameries have generally received a larger volume of butterfat this week than during the period last year. There is a large feed and forage crop available for fall feeding, and a continued increase in butter make over a year ago is expected.

Butter stocks in storage are not as large as last year, but a year ago the United States was exporting butter; this year the movement is the other way—Denmark, New Zealand and Argentina are shipping butter to the United States.

There has been no marked change in country prices for butterfat.

The demand for eggs is good.

Current production is not sufficient to supply the requirements of the consumer, and storage stocks are being used to make up the deficiency. Prices of fresh eggs show a higher tendency.

Live poultry has been in good demand, due to the approaching Jewish holidays. On account of lighter freezer stocks there has also been a good demand for dressed poultry.

It is apparent that a large number of chickens are now reaching the marketing age, and with larger receipts there may be some decline in price from present quotations.

## Keep Your Blood Pure

### Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Get a bottle of S. S. S. at your drugstore to day, and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 168 Swift Laboratory, Atlanta, Ga.

#### Celebrate Golden Wedding

Mr. and Mrs. Samuel Griggs, of Union City, celebrated their golden wedding Wednesday. The decorations for the attractive home were in yellow, a profusion of garden flowers being used, the cakes and mints carrying out the color scheme. A most delicious dinner was served. Mrs. Griggs was before her marriage Miss Annie Ogg, daughter of Mr. W. C. Ogg. Mrs. Shelby Jett, an only sister of the hostess, was the only guest present for the celebration who attended the wedding ceremony. Those who enjoyed the lavish hospitality were Mr. Covington Jett and family, Mrs. Jephtha Jett and family, Mrs. C. H. Ogg, Mrs. Lewis Hart, Mrs. S. I. Taylor and family, Mrs. J. B. Williams, Prof. Paris B. Akin and Mrs. Akin, Mrs. Green Noland, Mrs. W. C. Griggs and family and Mr. S. O. Griggs.

#### Bridge Party

A most delightful affair was given Wednesday at the home of Misses

Elizabeth and Margaret Wilmore in compliment to Mrs. Elizabeth Dunlop, of Dallas, Texas, the guest of her mother, Mrs. Nannie Embury. Bridge was the chief motif of the party and at the end of the game the prize for top score was awarded to Mrs. A. R. Denny; the second highest, Mrs. Mollie Fife, and the guest prize presented to Mrs. Dunlop. There were eight tables of players and the party was one of the most delightful of the many given during the summer season.

#### Dozier—Reeves

A pretty quiet wedding of this week was solemnized at the home of the bride when Miss Mabel Clara Dozier was united in marriage to Mr. James May Reeves, of the Waco section. The ceremony was performed by Rev. J. A. McClintock. The only attendants were Miss Viola F. Park, of Lexington, and Mr. Algin Hise, of Winchester. The popular couple are widely connected in Madison and Fayette counties, and their host of friends extend hearty congratulations.

Miss Ray Shearer is visiting friends in Winchester.

Miss Virginia Hise spent Monday in Winchester.

## CITY COUNCILMAN WILL WIELD THE AXE

At the regular meeting of the city council Thursday night, which proved a short session, matters pertaining to the improvement of a number of streets were given consideration, among them the filling in of a number of "mud holes," as they are described, in various parts of the city, and the street committee, which was already busily engaged in street work was instructed to proceed with the added improvements. One of these is the improvement at the intersection of Estill avenue and Main street at the L. & N. railroad crossing. This is said to be in bad condition and will become worse, it is said, as winter approaches. Councilman Golden stated it would cost considerable more if left untouched until fall. The railway company, it is understood, will perform a part of the work by placing a new crossing over Main street, and fill in considerable of the street and the committee was instructed in this instance to take the matter up immediately and make a report at the next meeting.

The street committee asked further time to investigate the B street improvement, which has been under way for some time, and this was granted. The residents along this thoroughfare desire several changes and improvements, and it is very probable they will be made within a reasonable time.

The Water and Light Company, according to a motion passed, will be instructed to place a light on North Fifth street, asked recently by citizens of that neighborhood.

The sewer committee was ready with a report on the matter of the contemplated Collins street sewer and they tendered an estimate to the effect that the sewer would represent a greater cost than was expected, giving \$700 or \$800 as the probable

cost. They asked more time in which to make a further examination of the situation, which was granted.

Councilman Golden asked to have the condition of Walnut street in the vicinity of B street investigated, saying as a result of the water at times overflowing that thoroughfare was being greatly damaged, and represented that if the conditions were allowed to exist longer much more money would be required to effect an improvement. He suggested a 10 or 12 inch main or pipe line in one or two instances for street protection, and this will be looked after and reported on at the next meeting.

It seems that a number of citizens of Rosedale took it upon themselves to dig a sewer, connecting with their property, and presented a bill for the work reported as completed on New street. This matter was referred to the sewer committee, which was instructed to investigate the work done and make a report at the next meeting.

Ordinances as elsewhere published in the Daily Register were passed.

## TRANSFORMATION OF COUNTY ROADS

### State, County and Contractor's Workmen Engage in Work On Bridge and Highway

There are things doing these fine days on the Madison county roads. There are county, state and contractor's gangs of men at work here and there. From the extensive work being done it would appear that the county would be provided with an entire new list of roadways before winter. However, this is not the case. They will be fortunate, owing to the interference by rain, to complete the work mapped out by the arrival of cold weather. This is what they are striving to do at present.

County Road Engineer J. G. Baxter while making out the payroll for the county laborers spoke of the progress of the work on the Irvine pike, which is proving very satisfactory. Near the Estill county line there is a new concrete bridge being constructed over Drowning creek, close to Irvine.

At Round Hill there is another force of men at work on the road known as Meadow road, between Berea and Silver creek. The county crusher is at work in this vicinity over the Rockcastle county line, but the stone is being brought into Madison county and placed on the roadway. This work is very extensive and the highway as a result is taking on the appearance of a very modern country road, indeed.

On the Lexington pike there is a county crew of men and a stone crusher is furnishing considerable material which is being placed upon the roadway at various places. The workmen in the vicinity of Red House are busily engaged on the stretch of roadway being changed, preparatory to the use of the new bridge over Otter creek in the near future. This will be one of the most noticeable

highway improvements when completed to be found in the county and will accommodate an immense number of tourists.

The work on the road between Richmond and Berea will be started within three days. This is another important connecting link extensively traveled and in need of repair.

A new bridge and a change in the roadway is being perfected near the William Jett farm on the Union pike. This is another improvement needed for some time being given attention and will add materially to traveling facilities in that vicinity.

# TWO FARMS

in That Famous Hanging Fork Valley  
168 Acres of Wheeler Bros. and 166 Acres of G. H. Pennington to be

## Sold AT AUCTION WEDNESDAY, September 22

In Lincoln county, Kentucky, on the Danville and Stanford pike. The Wheeler farm 4 miles from Danville, 6 miles from Stanford. The Pennington farm 5 miles from Danville, 5 miles from Stanford. These farms adjoin and comprise 334 acres and is one of the best tracts of land in Lincoln county to be found in one body. To those who know the mere statement of this land being on "Hanging Fork" is sufficient recommendation and insurance of its fertility.

Remember we sell to suit the purchasers, so if you only want a part of either of these farms, we will sell you a tract the size you want. Also the opportunity to buy both farms making over 300 acres to the man who wants a large farm. We can "Cut the Cloth" for the "Little Man" or the "Big Man."

### Description of Wheeler Farm

Long frontage on pike—a beautiful and attractive home—dwelling of 8 rooms, 2 porches, concrete floors, cistern, large stock barn with cistern, 2 tobacco barns 40x108 and 30x40, new garage and all outbuildings. Fine lawn to pike with plenty of shade. Farm is well fenced and everlasting water; 3 concrete pools and springs. Everything on the farm is in first class condition. 40 acres in corn, 12 acres tobacco, 33 acres timothy, 53 acres in Old Blue Grass Sod, balance in clover and orchard grass. Don't take my word—look over this farm and if you are looking for something good and desirable you will be a bidder.

### Description of the Pennington Farm

(known as the Bosley farm). Long frontage on pike, has an 8 room old frame dwelling with ell-front porch and fine cellar, 2 concrete silos, each 16x50, close to new metal roof stock barn with room for 100 cattle, 10 acre tobacco barn, large mule barn, stock scales and cribs combined, other out buildings. Right on Hanging Fork, abundance of stock water. 85 acres in corn, 13 acres tobacco, balance in grass mostly Blue Grass Sod. 50 acres of Hanging Fork Bottom on this farm and if some one wants to buy this tract of bottom land alone, we will try to sell it separate. Balance of the farm can be sold in two tracts. We can fit you out in a 100-acre tract. Tell us what you want.

Can run machinery over all of both of these farms. No waste land. Strong fertile limestone soil in high state of cultivation. Investigate these farms before you buy. Why has Swinebroad sold more real estate than any other man in the business and will continue to do so? Come to this sale and we will tell you why. A square deal to everybody. The owners of the land I sell become bidders at my other sales when they want another farm. There is a reason.

The Wheeler farm will be sold at 10 o'clock sharp, rain or shine. After dinner the Pennington farm will be sold promptly at 2 o'clock.

## CITY COUNCILMAN WILL WIELD THE AXE

At the regular meeting of the city council Thursday night, which proved a short session, matters pertaining to the improvement of a number of streets were given consideration, among them the filling in of a number of "mud holes," as they are described, in various parts of the city, and the street committee, which was already busily engaged in street work was instructed to proceed with the added improvements. One of these is the improvement at the intersection of Estill avenue and Main street at the L. & N. railroad crossing. This is said to be in bad condition and will become worse, it is said, as winter approaches. Councilman Golden stated it would cost considerable more if left untouched until fall. The railway company, it is understood, will perform a part of the work by placing a new crossing over Main street, and fill in considerable of the street and the committee was instructed in this instance to take the matter up immediately and make a report at the next meeting.

The street committee asked further time to investigate the B street improvement, which has been under way for some time and this was granted. The residents along this thoroughfare desire several changes and improvements and it is very probable they will be made within a reasonable time.

The Water and Light Company, according to a motion passed, will be instructed to place a light on North Fifth street, asked recently by citizens of that neighborhood.

The sewer committee was ready with a report on the matter of the contemplated Collins street sewer and they tendered an estimate to the effect that the sewer would represent a greater cost than was expected, giving \$700 or \$800 as the probable

cost. They asked more time in which to make a further examination of the situation, which was granted.

Councilman Golden asked to have the condition of Walnut street in the vicinity of B street investigated, saying as a result of the water at times overflowing that thoroughfare was being greatly damaged, and represented that if the conditions were allowed to exist longer much more money would be required to effect an improvement. He suggested a 10 or 12 inch main or pipe line in one or two instances for street protection, and this will be looked after and reported on at the next meeting.

It seems that a number of citizens of Rosedale took it upon themselves to dig a sewer, connecting with their property, and presented a bill for the work reported as completed on New street. This matter was referred to the sewer committee, which was instructed to investigate the work done and make a report at the next meeting.

Ordinances as elsewhere published in the Daily Register were passed.

## TRANSFORMATION OF COUNTY ROADS

State, County and Contractor's Workmen Engage In Work On Bridge and Highway

There are things doing these fine days on the Madison county roads. There are county, state and contractor's gangs of men at work here and there. From the extensive work being done it would appear that the county would be provided with an entire new list of roadways before winter. However, this is not the case. They will be fortunate, owing to the interference by rain, to complete the work mapped out by the arrival of cold weather. This is what they are striving to do at present.

County Road Engineer J. G. Baxter while making out the payroll for the county laborers spoke of the progress of the work on the Irvine pike, which is proving very satisfactory. Near the Estill county line there is a new concrete bridge being constructed over Drowning creek, close to Irvine.

At Round Hill there is another force of men at work on the road known as Meadow road, between Berea and Silver creek. The county crusher is at work in this vicinity over the Rockcastle county line, but the stone is being brought into Madison county and placed on the roadway. This work is very extensive and the highway as a result is taking on the appearance of a very modern country road, indeed.

On the Lexington pike there is a county crew of men and a stone crusher is furnishing considerable material which is being placed upon the roadway at various places. The workmen in the vicinity of Red House are busily engaged on the stretch of roadway being changed, preparatory to the use of the new bridge over Otter creek in the near future. This will be one of the most noticeable

highway improvements when completed to be found in the county and will accommodate an immense number of tourists.

The work on the road between Richmond and Berea will be started within three days. This is another important connecting link extensively traveled and in need of repair.

A new bridge and a change in the roadway is being perfected near the William Jett farm on the Union pike. This is another improvement needed for some time being given attention and will add materially to traveling facilities in that vicinity.

# TWO FARMS

in That Famous Hanging Fork Valley

168 Acres of Wheeler Bros. and 166 Acres of G. H. Pennington to be

## Sold AT AUCTION WEDNESDAY, September 22

In Lincoln county, Kentucky, on the Danville and Stanford pike. The Wheeler farm 4 miles from Danville, 6 miles from Stanford. The Pennington farm 5 miles from Danville, 5 miles from Stanford. These farms adjoin and comprise 334 acres and is one of the best tracts of land in Lincoln county to be found in one body. To those who know the mere statement of this land being on "Hanging Fork" is sufficient recommendation and insurance of its fertility.

Remember we sell to suit the purchasers, so if you only want a part of either of these farms, we will sell you a tract the size you want. Also the opportunity to buy both farms making over 300 acres to the man who wants a large farm. We can "Cut the Cloth" for the "Little Man" or the "Big Man."

## Description of Wheeler Farm

Long frontage on pike—a beautiful and attractive home—dwelling of 8 rooms, 2 porches, concrete floors, cistern, large stock barn with cistern, 2 tobacco barns 40x108 and 30x40, new garage and all outbuildings. Fine lawn to pike with plenty of shade. Farm is well fenced and everlasting water; 3 concrete pools and springs. Everything on the farm is in first class condition. 40 acres in corn, 12 acres tobacco, 33 acres timothy, 53 acres in Old Blue Grass Sod, balance in clover and orchard grass. Don't take my word—look over this farm and if you are looking for something good and desirable you will be a bidder.

## Description of the Pennington Farm

(known as the Bosley farm). Long frontage on pike, has an 8 room old frame dwelling with ell-front porch and fine cellar, 2 concrete silos, each 16x50, close to new metal roof stock barn with room for 100 cattle, 10 acre tobacco barn, large mule barn, stock scales and cribs combined, other out buildings. Right on Hanging Fork, abundance of stock water. 85 acres in corn, 13 acres tobacco, balance in grass mostly Blue Grass Sod. 50 acres of Hanging Fork Bottom on this farm and if some one wants to buy this tract of bottom land alone, we will try to sell it separate. Balance of the farm can be sold in two tracts. We can fit you out in a 100-acre tract. Tell us what you want.

Can run machinery over all of both of these farms. No waste land. Strong fertile limestone soil in high state of cultivation. Investigate these farms before you buy. Why has Swinebroad sold more real estate than any other man in the business and will continue to do so? Come to this sale and we will tell you why. A square deal to everybody. The owners of the land I sell become bidders at my other sales when they want another farm. There is a reason.

## TWO ORDINANCES FOR CO-OPERATION

Passed By Council Thus Streets  
and Work Must Be Protected  
In the Future

Co-operation upon the part of every citizen, firm and corporation, with the view of expediting the work of completing the street paving was the chief embodiment of an ordinance presented and passed at the regular session of the Richmond city council Thursday night, and another calling for the preservation of the curb and gutter after the work has been finished. Both measures were passed without a dissenting vote. The first one was precipitated through the persistence of citizens in using the newly laid portions of the streets before the concrete and asphalt was dry, and in many instances the work had to be done over again.

The first ordinance prohibited the removal of barricades placed across the streets, which was signed by Mayor L. P. Evans, together with City Clerk W. E. Blanton, makes it unlawful for any person, firm or corporation to remove any barrier placed upon the streets of the city by contractors or workmen doing street work connected with the paving of the same, for the purpose of keeping traffic off the streets. Any person, the ordinance reads, as seen elsewhere legally published, who violates this ordinance, shall be deemed guilty of a misdemeanor and shall, on conviction, be fined not less than \$5 nor more than \$50 for each offense. This ordinance shall become effective immediately upon its passage.

The second measure, which is for the protection and preservation of the curb and gutter, is also properly signed by the city officials, and a portion of it reads as follows: "It shall be unlawful for any person, firm or corporation, to approach or back to any of the concrete curbs of the city or to use the street immediately adjacent to said concrete and curbing, except in the following manner: Vehicles approaching the curb shall do so by driving alongside of said curb, and in unloading any freight or merchandise or any manner of a load shall do so with the rear of the rear end of the vehicle at right angles of said curbline and in no event shall any vehicle or any person, firm or corporation for the purpose of unloading freight or merchandise or other manner of load or for any other purpose, back into and against said concrete curb; a violation of this ordinance upon conviction, shall constitute a misdemeanor and a fine of not less than \$5 nor more than \$50 shall be assessed."

## STAYS OFF GAS; BUYS FARM

Andrew Peach, a former Madison county resident, has bought a large farm near Harrodsburg, paying cash for it. When asked how he did it, having come to the community three years ago as a tenant, he stated that he "stayed off gas" and worked at home while others were riding about.

Salt Lake City, Utah, Sept. 16—Plans for an International Court under the League of Nations, as reported from Paris, were advanced by Gov. James M. Cox, Ohio, in his Utah campaign as a telling argument for the League.

## Young Man Sells Self

New York, Sept. 16—Jack Hardy, the young man who offered to sell himself for \$5,000 received the first apparently bona fide response to his newspaper advertisement today. It came from H. Stone, who wrote that he was a wealthy resident of Scranton, Pa., and would be willing to pay Hardy's purchase price in installments.

## An ORDINANCE

Be it ordained by the Mayor and Board of Council of the city Richmond, Ky., that it shall be unlawful for any person, firm or corporation to remove any barrier placed upon the streets of the city of Richmond, Ky., by the contractors working on the streets and alleys for the purpose of keeping traffic off of the streets and alleys during construction. Any person, firm or corporation guilty of the violation of this ordinance, shall be deemed guilty of a misdemeanor and shall, on conviction be fined not less than \$5 nor more than \$50 for each offense. This ordinance shall be in full force and effect on and after its passage and publication.

A Resident Known To All Our  
Readers Relates An Experience

Readers of the Register have been told again and again of the merits of that reliable, time-proved kidney remedy, Doan's Kidney Pills. The experiences told are not those of unknown persons, living far away. The cases are Richmond cases, told by Richmond people.

H. C. Brewer, grocer, Big Hill avenue, Richmond, says: "I have used Doan's Kidney Pills at different times when my kidneys have been out of order and I know they are a good remedy. My back ached and I had soreness in my kidneys and it hurt me to stoop. My kidneys acted irregularly especially if I caught cold. Doan's Kidney Pills have never failed to relieve the trouble and strengthen my back."

# WALNUT MEADOW Farm

a Good Blue Grass Farm at Public Auction

**Wednesday, September 22d**

At 10 O'clock

On the above date we will offer for sale to the highest bidder, this excellent stock farm belonging to Allen Brothers, situated on the Walnut Meadow Creek, a branch of Paint Lick creek. These two creeks are noted for the fertility of the soil in bottom lands, only 1-2 mile from good pike. The Berea and Paint Lick turnpike, about 4 miles from Berea and about 4 1-2 miles from Paint Lick, Ky., in good neighborhood among good people who know how to be neighborly, good schools and churches near at hand.

A new road just completed running from the pike to the farm easily traversed by automobiles.

## This Farm Contains About 200 Acres

40 acres of as fine bottom land as a bird ever flew over, the remaining 160 acres of gently rolling land susceptible to profitable cultivation and now in blue grass and clover. There is never any scarcity of stock water on this farm, good springs, wells and the creek furnishing ample supply.

In conducting a sale we subdivide the land to suit the purchaser, and it is our desire to know prospective buyers. We will be on the land surveying Friday and Saturday the 10 and 11th, and will be glad to have parties interested to meet us on the farm at this time. We will subdivide this farm into tracts ranging from 40 acres to 100 acres.

The improvements consist of good 5 room residence, good 3 room tenant house, a good tobacco barn to house 10 acres of tobacco. New wire stock fence will be found over most of the farm.

## Personal Property Sale

At the same time and place we will sell the personal property of Allen Brothers, consisting of 8 good sheep, two work horses, ages 8 and 9; 1 good mare, 4 years old, 6 good milk cows, 1 Holstein bull (a good individual subject to registration), 1 Duroc boar, subject to registration, 1 Milwaukee binder, 1 Peoria Jr. combined wheat drill, 1 two-horse corn drill, 1 Black Hawk manure spreader, 1 tobacco setter, 1 mowing machine, 1 Osborne hay rake, 2 disc harrows, 3 turning plows, 3 double foot plows, 1 riding cultivator, 1 walking cultivator and 1 roller, and other articles not mentioned.

## AND OH, BOY, JUST TO PUT JOY IN LIFE

Dinner will be served on the grounds, with only a reasonable charge to cover the necessary cost to produce.

To the man with small capital this sale is going to offer an excellent opportunity. Good and, in small tracts, good improvements, good and easy terms to be announced at sale.

Land just ready to make money, barns just ready to house tobacco.

Come to the sale, nothing to lose, you can learn and make money for a few hours work with us.

SEE THE FARM ANY DAY.

## STATE FAIR FEATURES

(By Associated Press)  
Louisville, Ky., Sept. 16.—Today is Governors' Day, Manufacturers' Day and Good Roads Day at the Kentucky State Fair, and indications pointed to a record attendance. The official attendance yesterday was 20,000, compared to 12,000 Tuesday and 21,000 Monday.

The campaign to eradicate tuberculosis from live stock is now being conducted in forty-five states in co-operation with the live stock owners and the respective state live stock sanitary officials.

Mr. Covington Jett and Mr. Albin Cornelison have returned from Bardonia. They purchased a farm while there.

## ENROLLMENT FOR THE MODEL SCHOOL

Next Tuesday morning at 8 o'clock will find a long line of children eagerly awaiting their assignment to the different grades of the Model High school. The enrollment is limited to about 200, counting all 12 grades, and it is thought that every place will be taken the first morning. Admittance cards are being forwarded from the business offices to the parents whose children have been approved for the coming year. The admittance cards will be approved by Superintendent B. F. Edwards when the children present them next Tuesday. After the approval of Superintendent Edwards the individual teachers will enroll the children. It has been announced by President Coates that there will be promotions made after the children are enrolled and should there be some places unclaimed on opening day that they would not be filled before Wednesday or Thursday and that it would be useless for parents who do not receive admittance cards to bring children to the school on Tuesday.

There will be practically a new faculty present. Miss Vernon Horn, 7th and 8th grades, will be the only instructor to return. The faculty is as follows:

G. L. McClain, principal; Jessie Newell, assistant principal; Vernon Horn, 7th and 8th grades; Florence Lewis 5th and 6th grades; Germania Wingo, 3rd and 4th grades; Mrs. Gladys Tyng, 1st and 2nd grades.

Rev. and Mrs. James Highbaugh, of Dennison, have nine grown daughters and one son, never had a death in the family and all were present at a recent reunion.

## DELCO-LIGHT

BETTER LIVING AND WORKING CONDITIONS

Delco-Light was developed by men who early in life realized there was need for great improvement in the living and working conditions on the farm. Electricity was the only solution. Delco-Light is the result.

## RICHMOND TO BE BIG HEALTH CENTER

### Ex-service Men To Be Examined Here and Readjustment of Pensions Will Follow

Richmond is to be made a great public health center as a result of the decision of United States army and Red Cross officers at the recent convention in Cincinnati, and ex-service men from several counties in this part of the state, comprising several thousand, will be brought here for examination. The revision of the distribution of funds and assistance generally is one of the objects and another is the effort to procure the exact physical condition of every man who was in the ranks. There will be a general readjustment of the payment plans, and those not receiving what is considered sufficient compensation by the examining physician will receive an increase, while the element said to be getting more than is needed will be on the decrease list.

The corps of workers in Richmond, owing to the establishment of the hospital unit, together with the installation of the general health bureau to be conducted here will necessarily increase the number of attaches at the local headquarters. The work will thus be made more extensive than ever before, and, according to another decision just reached by the higher officials in charge of the Red Cross work, this will continue along lines similar to the present ones for a period of six years.

The first task will be the physical examination of every ex-service man in the country. Then the report of the medical examiner will be taken as a means of furnishing proper fund for maintenance. There are many who are said to be really in need of aid who refuse to ask it. This new measure will force all have the physical examination made with the result that all will receive assistance in accordance with the judgment of the examining physician, together with the board which will pass upon the statements furnished by the medical examiner. This will admit of all securing aid who need it. This will include besides financial aid, medical and hospital treatment, etc.

The local district comprises, according to estimation of local Red Cross officers, Estill, Lee, Rockcastle, Garrard, Jackson and Breathitt counties, and veterans from this entire district will be called upon later for physical examination.

There has been a reduction in the funds paid some men. There are complaints reaching the offices as a result, some stating they are unable to work and ask a reason for the decrease in allowances. One of these is Obed Estes of Irvine, who reports his compensation has been reduced from \$80 to \$40 a month. A brother, H. Estes, is receiving \$90 per month. He stated he is married and has been unable to work since having been overgrown by gas during the battle of the Argentine Forest. There are many like veterans state in the vicinity of Irvine who are need, but refuse to petition the government for aid in any way. One of them predicted the death within a few months of a number of young men who will not report their conditions.

## WOMEN WHO ARE SO NERVOUS

"It Seems As Though They Would Fly."

We all know them, and they are to be pitied, but if they could only realize there is one tried and true non-secret remedy for this condition our druggists would not be able to supply the demand for it. That remedy is Vinol, the cod liver and iron strength-creator and body builder.

Mrs. Charles West says: that Vinol was the only remedy she found to bring her out of a nervous breakdown and restore her strength.

Vinol enriches the blood, quickens the circulation, strengthens the nerves and every organ in the body.

Your druggist sells it, therefore accept no substitute. It

Diphtheria among the children of schools in the vicinity of Taylorsville has resulted in a number of deaths and extreme measures are being taken to stop the spread of the disease.

### Ask Your Neighbor

So many thousands of women have been restored to health by Lydia E. Pinkham's Vegetable Compound that there is hardly a neighborhood in any city, town or hamlet in this country, wherein some woman has not found health in this good old-fashioned root and herb remedy. If you are suffering from some womanly ail, why don't you try it?

## STATE FISH LAWS UNKNOWN TO MANY

### Madison County Men Eager To Obey and Many Are Seeking Information Here

There are many men in Madison county who have seines and are afraid to use them, said Andrew Hanover, living east of the city. He said there was a misinterpretation of the law governing fishing and the use of nets and seines and while fishing with pole and line was enjoyed, there were many who desired to use their nets.

For the benefit of those not familiar with the law, the following official information is given:

Having secured license it is lawful to take fish from the Mississippi, Big Sandy, Ohio, Tug Fork of Big Sandy and Tennessee rivers with hoopnets without wings and wits seines, mesh of which is not less than 1 1/2 inches square, and from the Levisa fork of Big Sandy, Kentucky, Green, Barren and Rough and Cumberland rivers with hoopnets without wings and with seines, mesh of which is not less than 2 inches square, under the following conditions:

It is unlawful to place or use nets or seines within 200 yards of the mouth of any river or stream or within 200 yards of any lock or dam or in any part of the river above the last lock and dam of any of the streams mentioned above.

It is unlawful to take fish from any stream, except those mentioned above in any manner, except with poles and lines, hand lines, set lines or trot lines.

It is unlawful to fish with seines or nets during the month of May (spawning season.)

It is unlawful to own, operate, store or possess nets or seines without first procuring license. All nets or seines in or out of use without license tags attached or under the legal size mesh will be destroyed and owners prosecuted.

Black bass (large or small mouth) if caught in nets or seines must be returned uninjured to the water from which taken.

The license fees are as follows:

One resident hoopnet license and one tag, \$1.25. Tags for additional nets, \$1.

One resident seine license and one tag for seines of 100 feet, \$5.25. Each additional 100 feet or fraction thereof when seine exceeds 100 feet in length, \$2. For each additional, seine of 100 feet, \$2.

Penalties for violation, \$15 to \$100—jail sentence and confiscation of the nets and seines.

### GETTING RID OF BLUE MONDAY

The average housewife's weekly calendar might run something like this: Sunday, Washday, Tuesday Wednesday and so on round the entire week. Washday is the dreaded day in many families, and has been for a long time. In the day of cheap labor it was possible to get the washing done without much trouble, worry or expense. The washwoman used to be a valuable institution in most every community. But she has departed, very largely and while, in the city the power laundry has taken over a great part of the burden, washday on the farm presents a condition that most farmers' wives would like very well to get rid of.

With one of the farm electric plants which so many farmers are buying nowadays, the farmer's wife can find a ready solution for the burdens of washday. This is through the use of the electric motor driven washing machine. With such a plant with kerosene used for fuel, electric current is produced for some four or five cents per kilowatt. Now, this four or five cents' worth of electricity may be translated into power which will do washing complete, cleaning, rinsing and wringing the clothes and it will do this while the housewife is busy at some other job. Electricity for the washing machine shortens the washday. The clothes are on the line sooner and ready for the ironing basket sooner. Electricity will chase off "blue Monday" if you hitch it to the washing machine.

## LOW FIRE RECORD CHANGES RAPIDLY

### Series of Mysterious Fires Within Few Weeks, Is Recorded For City of Richmond

The city firemen are preparing to cancel all engagement on Sunday night, since many of them say they are assured of a call, this having been the case during the past several weeks. One week ago the Gordon

warehouse fire occurred, and some are of the opinion there are firebugs at work. There have been a number of mysterious fires during the past two months that caused considerable apprehension upon the part of many, the firemen not excepted. The record of the men in responding, however, has been unusual, a greater number reporting at the scene of the fire in a remarkably short time.

Until the last six weeks, the record for fires during the year was far below that of last year, the loss being estimated at one-half, at least. But this has been changed within a few weeks, and should there be no more conflagrations of any notable damage, the loss sustained by fire for the present year, it is believed, will already exceed that of last year. There have been more fires of greater magnitude and they are invariably reported during the late hours of the night or early morning hours. Although the streets have been torn up during the entire year in some parts of the city owing to the paving and improvement work, there has not been an accident that cost the city "two bits," as one business man stated. "and," he added, "this thing of getting out of the bed at all hours of the night and taking that spin over these streets through rain and all kinds of weather is not what it is cracked up to be."

The tobacco and fish exhibitions at the State Fair are attracting wide attention.

District Attorney Hennis, of New York City, exonerated a patrolman for shooting and killing a man who turned upon the officer with a knife. "I uphold the police," said the attorney, "in doing their duty."

At Louisville a policeman was held up and robbed, even his pistol being taken from him.
